

Presentation & Discussion

Town Hall Meeting

August 25, 2018

The Vision

Create a community-wide initiative
to make Surf City the most attractive
and inviting town on LBI.

What Will This Entail?

- We see this as:
 - A partnership between homeowners, business owners and the Borough
 - A multi-year endeavor, with multiple projects
- Input, ideas and involvement from you and your neighbors
- An engaged and motivated committee of leaders to research, ideate, prioritize and implement

What We Hope to Accomplish Today

1. Review ideas and priorities that have been suggested to us
2. Gather your feedback:
 - On projects that have been suggested to us (pursue or not?)
 - Priorities; what projects should we focus on first, second, third, etc.
 - Any ideas or suggestions you have
3. Introduce our committee members to you
4. Finally, seek volunteers who have an interest or desire to help in any way small or large

The Game Plan for Today

- Show you potential projects
- Have you fill out a Feedback Form to rate and prioritize projects
- Give you a few moments to add:
 - Comments
 - Suggestions
 - And perhaps your own ideas for projects
- Once we have your input...
 - The Committee will draft an agenda for internal discussion
 - Then meet with Borough officials to discuss specific projects (feasability, challenges, pros and cons, funding, etc.)
 - We'll report back via our website as to next steps in the plan

Potential Projects: Special Note

Note:

The list of projects has been suggested to the committee from several sources. No action will be taken on any project until we have had met with designated Borough representatives.

Instructions:

After we've read through all the ideas, we'll go through them one by one and ask you to:

1. Recommend that we pursue the project (Y) or not (N)
2. Prioritize that project with a "1" (top priority), "2" (moderate priority), or "3" (low priority).
3. If you have any specific comments you'd like us to consider, write them next to the project name.
4. If you are willing to be contacted about potentially becoming involved in any way, small or large, add your contact information.
