

## SCTA Community Action Group to Remediate Flooding

### FLOODING TOOLS

Updated 11-8-21

<https://reclamthebay.org/2021/11/the-mycoast-new-jersey-help-document-our-changing-coast-rlbi1/>

The MyCoast: New Jersey portal is used to collect and analyze photos of coastal events and places. Photos are linked to data about weather and tides to create reports that help stakeholders like government agencies, business owners, and residents to understand coastal change and make informed decisions.

Session 5 in a 5 Part series. In addition to looking out for your home and community, there are things to do to keep yourself safe in the time of flooding. Here are some simple yet important things to do.

#### [4 Prepare you home for flooding – 8 Min. – rlbi1](#)

Session 4 in a 5 part series. Living this close to nature, we need to understand what can happen and how to prepare our home to stand up to the elements. And realize that what we do, or don't do, impacts our neighbors and our community.

---

#### [3 Understand and visualize flooding – 10 Min. rlbi1](#)

This shows some tools to help people see what is happening and to use "Flood Mapper" to set up a variety of conditions to see where the water will go.

---

#### [2 What the Government is doing about flooding – 5 Min. – rlbi1](#)

#### [1 Sharted Understanding of flooding – 8 Min rlbi1](#)

Session 1 in a 5 part series. It explains the nature of the flooding that residents and visitors to Long Beach Island are experiencing.

---

#### [Eye Opener – Seeing the Flooding – 3 Min.rlbi1](#)

Based on tidal flooding events during October of 2021, this session shows a number of flood problem areas in Surf City, NJ. The goal is to elevate awareness of the situation. rlbi1

---

### [Resilient LBI rlbi1](#)
